

FCC Commissioners  
The Federal Communications Commission RE: Docket 04-435  
445 12th Street, SW  
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

There is more than enough tension when flying - must we be subjected to delays, cramped quarters, recycled air, AND MULTIPLE LOUD CELL PHONE CALLS???

The airlines are already struggling financially. If this rule is lifted, people will have another reason not to fly - who wants to pay hundreds of dollars to be a prisoner in a plane for hours with 150 people on the phone!

I don't feel confident that it wouldn't interfere with aircraft navigation systems - all the more reason to stay on the ground!

Please leave the current regulations in place!

Please leave the current rules in effect.

Sincerely,

Jeanne Cassetta
